New Videos from Kerfkore Company

Kerfkore Company has come out with new instructional and educational videos on the Kerfkore product. These videos include “What is Kerfkore”, “Transitioning from Straight to a Curve”, “Applying a Face to Kerfkore”, “Shaping Kerfkore using Ribs”, and “How to Splice Kerfkore”. You can access these videos through our homepage on our website at www.Kerfkore.com or go straight to www.Youtube.com and type in Kerfkore.

Kerfkore Company is a manufacturer of patented bendable substrates, lightweight structural composite panels and architectural panels. These products allow for the creation of numerous designs that open the opportunity to produce curves and innovative products as vast as your imagination. No matter what type of curve or lightweight needs you may have, we have a product that can provide quicker results that are more accurate, with higher quality, and easier to fabricate than traditional methods. We are committed to providing “green” products that can have a positive impact on our environment and also help you achieve some of the qualifications needed for the USGBC’s LEED certification program.
