## **New NorthWest Sales Manager at Kerfkore Company**

Kerfkore Company would like to announce the addition of a new sales manager to the sales team. Todd Fowler will be the new Northwest Sales Manager. Todd previously worked with Woodtape, where he was the Regional Sales Manager for the Northwest US and Western Canada for 24 years. Todd has a lot of strength working with wholesale distribution and OEM sales. Originally from Atlanta, GA, Todd resides in Duval, Washington. We are very excited about Todd joining the Kerfkore team and we know he will be a great asset to our company.

Kerfkore Company is a manufacturer of patented bendable substrates, lightweight structural composite panels and architectural panels. These products allow for the creation of numerous designs that open the opportunity to produce curves and innovative products as vast as your imagination. No matter what type of curve or lightweight needs you may have, we have a product that can provide quicker results that are more accurate, with higher quality, and easier to fabricate than traditional methods. We are committed to providing “green” products that can have a positive impact on our environment and also help you achieve some of the qualifications needed for the USGBC’s LEED certification program.
